Description

We're looking for a **talented UX/UI Designer** to join us on a part-time, freelance basis for an **international tech company**.

If you live and breathe Figma, love designing clean, intuitive interfaces, and can translate your designs into HTML/CSS for developers, this role is for you.

Responsibilities

• Design user interfaces for web and mobile apps.

• Build wireframes, prototypes, and final mockups in Figma.

• Work closely with our devs and product team to bring designs to life.

• Make sure every screen feels great to use.

Qualifications

• Strong portfolio showing real-world UX/UI experience.

• Deep Figma knowledge.

• **Solid HTML/CSS skills for clean design handoffs.**

• Great English communication.

• Independent, detail-oriented mindset.

Job Benefits

• 100% remote and flexible schedule.

• Competitive pay in USD.

• Work on international projects with modern tech teams.

• Freedom to make creative decisions and see your ideas come to life.

If this sounds like you, we'd love to hear from you.
